

Virtual Fire Safety Presentation

Please join us to learn more about fire prevention and emergency response for Battery Energy Storage Systems (BESS). The Energy Safety Response Group (ESRG) will outline industry best practices and design considerations and provide an overview of Energy Response Plan programs that have been standardized for fire prevention at BESS facilities. We will also take questions from local fire department staff.

Wednesday, September 25
from 3:00 to 4:30 p.m.

RSVP to

Carl Haeussler at carl.haeussler@evolugen.com or
Nick Petrakis at nick.petrakis@energyresponsegroup.com

In-person BESS Fire Safety Workshop

Please join us for a presentation by industry professionals covering various BESS safety topics. We will also take questions from local fire department staff. **Seating is limited. Please RSVP to Carl Haeussler at carl.haeussler@evolugen.com.**

Thursday, October 10
from 10:00 a.m - 3:00 p.m.

Infinity Convention Centre - 2901 Gibford Drive
